

Arbre ascendant 7 générations

TEYSSEIRE Catherine

The diagram is an ancestral tree starting from a central box labeled 'TEYSSEIRE Catherine'. From this box, two lines branch out to the left and right. Each line continues to branch out at regular intervals, creating a symmetrical tree structure. The boxes representing individuals are arranged in a staggered, descending pattern from left to right. The right side of the tree is filled with a dense grid of boxes, representing the final generation of 128 individuals (2^7). The boxes are empty, with only the names of the individuals in the first generation being filled in.
