

# Arbre ascendant 7 générations

**MECHEIN Elisabeth**

The diagram is an ancestry chart for 7 generations. It starts with a single individual, Elisabeth MECHEIN, in the first generation. From her, the chart branches into two lines. Each line continues to branch into two more lines in the second generation, resulting in four lines. This pattern repeats for the third and fourth generations, creating a total of 16 lines. The fifth generation has 32 lines, the sixth has 64 lines, and the seventh has 128 lines. Each line represents a potential descendant path. The names of the individuals in the first four generations are not visible, only their positions in the tree. The name 'MECHEIN Elisabeth' is highlighted in blue text in the first generation box.
