

Arbre ascendant 7 générations

LEFEBVRE Marie-Jeann

The chart is a vertical tree structure. The root node is a box labeled 'LEFEBVRE Marie-Jeann'. From this root, two lines descend to two boxes in the second generation. Each of these boxes has two lines descending to four boxes in the third generation. This pattern continues, with each box in a generation having two lines descending to two boxes in the next generation, resulting in a total of 128 boxes in the seventh generation. The boxes are arranged in a staggered, branching pattern from left to right. The boxes in the final generation are organized into two columns of 64 boxes each.
