

Arbre ascendant 7 générations

PREVILLE Marie °1860

The diagram is an ancestral tree starting from Marie Preville in 1860. It branches out to show her children, their children, and so on, up to the seventh generation. Each generation is represented by a horizontal row of boxes. The boxes are connected by vertical lines, and the tree is oriented with the root on the left and the seventh generation on the right. The boxes are empty, indicating that the names and other details of the individuals are yet to be filled in.
