

# Arbre ascendant 7 générations

LETELLIER Marie

The diagram is an ancestry chart for Marie Letellier. It starts with a single box for Marie Letellier on the left. From this box, a vertical line descends and then branches into two horizontal lines, representing her two children. Each of these children has two children of their own, creating a total of four boxes in the second generation. This pattern continues for three more generations, resulting in a total of 128 boxes in the seventh generation. The boxes are arranged in a tree structure, with each box representing an individual. The boxes are empty, except for the root box which contains the name 'LETELLIER Marie'. The chart is oriented vertically, with the root at the top and the seventh generation at the bottom.
