

Arbre ascendant 7 générations

GARNIER Jeanne °1744 +1820

The diagram is an ancestral tree starting from Jeanne Garnier (1744-1820) on the left. It branches out to the right, showing 7 generations of descendants. Each generation is represented by a horizontal row of boxes. The boxes are connected by vertical lines, indicating the lineage. The boxes are empty, suggesting that the names and other details of the descendants are yet to be filled in. The tree shows a clear pattern of branching, with each individual in one generation having two children in the next generation.
